About Us

Nursery Traders Opened in 1983 as Australia's first wholesale collective market. A one-stop shop where suppliers could showcase stock & customers offered convenience & service. We are fortunate to be at the forefront of understanding market needs & helping shape and grow our suppliers business - some of which entered our market a mere fraction of what they are today, and continue to be loyal to us for over 20 years. Our hope is that whatever direction our business relationship takes us, the experience is positive resulting in growth, understanding & ultimately greener spaces.
